**CONDOLENCES**

On behalf of the Governing Council and members of the African Public Relations Association (APRA), I write to condole with the Institute, the Government and the entire people of Nigeria over the tragic loss of over 150 lives occasioned by the recent bombings in Kano City.

APRA condemns in entirety all cowardly acts of terrorism and believes that no cause can be justified by the carnage witnessed in Kano rising from Friday's incidence.

We urge the Nigerian Government to do all in its power to arrest the orgy of violence which negatively impacts on the nation and the African continent at large.

In furtherance to this Mr. President, APRA would like to suggest that the Institute gives the government the required support to effectively manage this crisis situation.

Once again Sir, please accept our sincere condolences and express same to other members of the Institute.

Sincerely Yours

**Yomi Badejo-Okusanya**  
Secretary General.
